November 2026

Notice of the Addition of a Removal Bolt and Packaging Standardization for Grip Rings

Dear Valued Customers:

We are adding a dedicated removal bolt to the Grip Rings listed below and standardizing the packaging for GR-22.8, GR-30, and GR-40.

- **Affected Products: GR-22.8, GR-30, GR-40, GR-50**

- **Change Details** (See page 2)

  Addition of a Removal Bolt: Currently, the mounting bolt is used to expand the inner diameter of the Grip Ring. A dedicated removal bolt will be added for this purpose.

  Packaging Standardization: We will standardize the packaging materials for GR-22.8, GR-30, and GR-40 to match those of GR-50.

- **Change Schedule**

  The changes will be phased in for shipments from November 30, 2026.

Please feel free to contact us if you have any questions.
We thank you for your continued support and look forward to serving you.

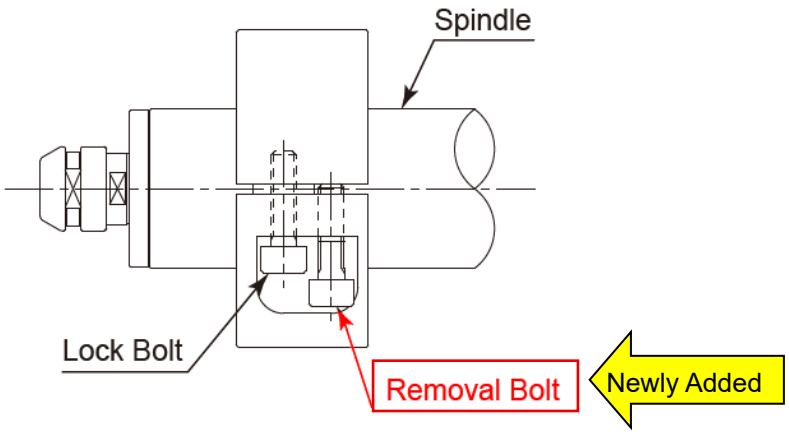

Sincerely,

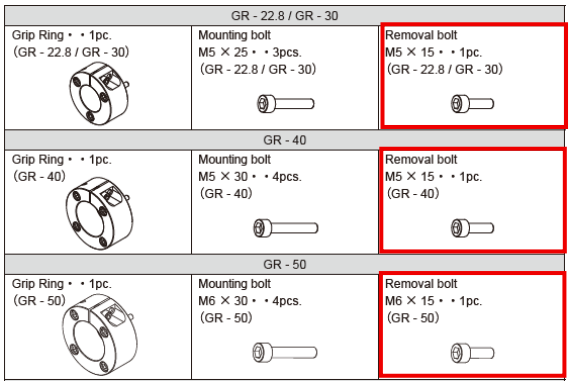

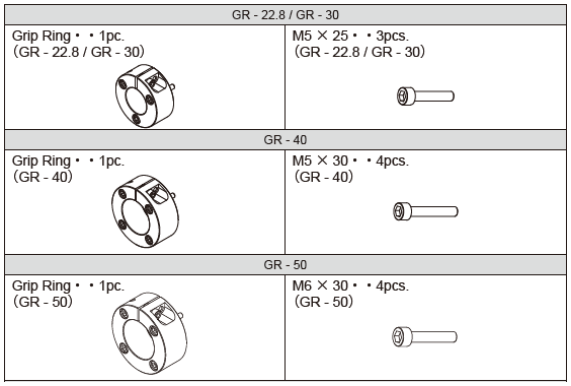

Akio Matsugi
